

## Spring 2015 Year-End and Final Exam Parking Information

Parking and Transportation is pleased to announce extending courteous parking options to students to ease the process of loading vehicles the week of May 4-8.

Loading and Packing your Vehicle to Move Out:

- To expedite the move-out process, packing your personal items prior to moving your vehicle to your Resident Hall to load will save time.
- Parking in all general, faculty/staff and visitor parking lots is permitted in order to provide up-close, convenient parking to your Resident Hall.
- Using headlights and emergency flashers while parked will indicate you are actively loading your vehicle.
- One and one-half hour of parking to load your vehicle is being allocated.
- Special use parking spaces, such as fire lanes, handicapped or reserved spaces should be avoided to ensure they are available for their designated purpose.
- Need to leave your vehicle on campus between May 8 and May 26?
  - If so, you can park in Lot J, which is located behind Collins and South Resident Halls.
- Should I continue to park at the Winston-Salem First Church, Lot Z2 and the UCC lot with my off-campus parking permit?
  - Yes, however, beginning Monday, May 11, you can begin to park on-campus in general parking lots only. Special use/reserved parking spaces, such as "Service Vehicle Only", "Faculty/Staff" and "Carpool" reserved spaces should be avoided to ensure they are available for their designated purpose.

Shuttles will continue their normal routes through May 8, therefore, you can continue to park where your permit allows until this date. Please refer to the shuttle schedule at [parking.wfu.edu](http://parking.wfu.edu).

If you have questions about this process, please call the Parking and Transportation office, prior to parking your vehicle to load.

**Thank you for your cooperation and have a wonderful summer vacation!**
